

SideWired Desk

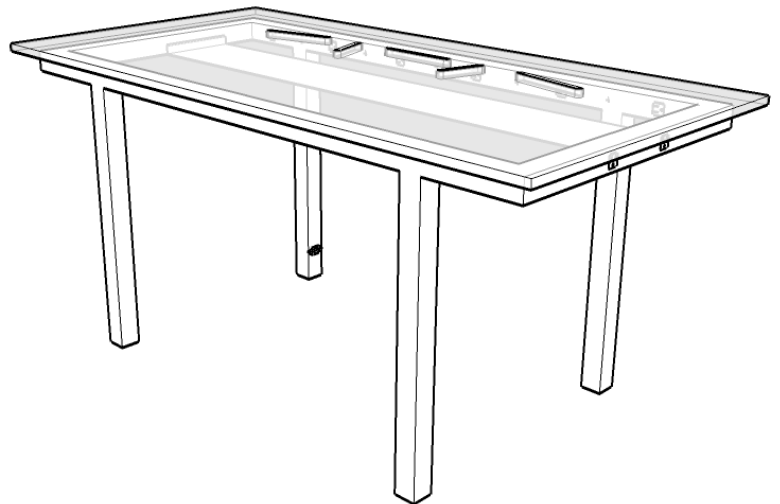

Fast & Easy, clutter free wired workstation.

The Wired concept came out of a desire to organize all the visual madness of cords, wall warts, and power bricks sprouting out of laptops, monitors, hard drives and speakers. “Why can’t I just plug this into my desk?” The design challenge was to make a great looking desk, incorporate a hidden cable management system and power source as well as making it fast and easy to get at the cable ends to rearrange things as the situation arises.

Features

- Total Cable management
- Versatile cable pass through grommets
- Laptop / Monitor oriented operation
- Open Design
- Solid welded steel construction
- Durable finish
- North American business machine (NABM) power cord input.
- 8 grounded receptacles
- 15 amp circuit breaker overload protection
- Hinged cable management tray makes quick and easy setups
- Adjustable leveling feet
